# A FLAWED PEACE

# **THE FOURTEEN POINTS**

### • WHAT WAS WILSON'S PLAN TO END WORLD WAR I?

• THE FOURTEEN POINTS OF PEACE

### • WHAT IS IN THIS PLAN?

- 1. WILSON CALLED FOR MEASURES TO PREVENT WAR (POINTS 1-5)
- 2. THINKING ABOUT OTHER PEOPLES WAS EVIDENT (POINTS 6-13)
- 3. INTERNATIONAL PEACEKEEPING ORGANIZATION (POINT 14)

### • IS THE LEAGUE OF NATIONS SUCCESSFUL?

- THE IDEA WAS TO ESTABLISH A PLACE WHERE NATIONS COULD DISCUSS AND SETTLE PROBLEMS DIPLOMATICALLY WITHOUT FUTURE WARS.
- WILSON WILL LET GO OF MOST OF HIS IDEAS FOR THIS LEAGUE!

I. Open covenants of peace, openly arrived at . .

II. Absolute freedom of navigation upon the seas, outside territorial waters, alike in peace and in war . . .

III. The removal, so far as possible, of all economic barriers and the establishment of an equality of trade conditions . . .

IV. Adequate guarantees given and taken that national armaments will be reduced to the lowest point consistent with domestic safety.
V. . . [An] adjustment of all colonial claims, based upon a strict observance of the principle that in determining all such questions of sovereignty the interests of the populations concerned must have equal weight with the claims of the government whose title is to be determined.

VI. The evacuation of all Russian territory and such a settlement of all questions affecting Russia as will secure . . . her an unhampered and unembarrassed opportunity for the independent determination of her own political development and national policy . . . VII. Belgium, the whole world will agree, must be evacuated and restored . . .

VIII. All French territory should be freed and the invaded portions restored, and the wrong done to France by Prussia in 1871 in the matter of Alsace-Lorraine, should be righted ....

IX. A readjustment of the frontiers of Italy should be effected along clearly recognizable lines of nationality.

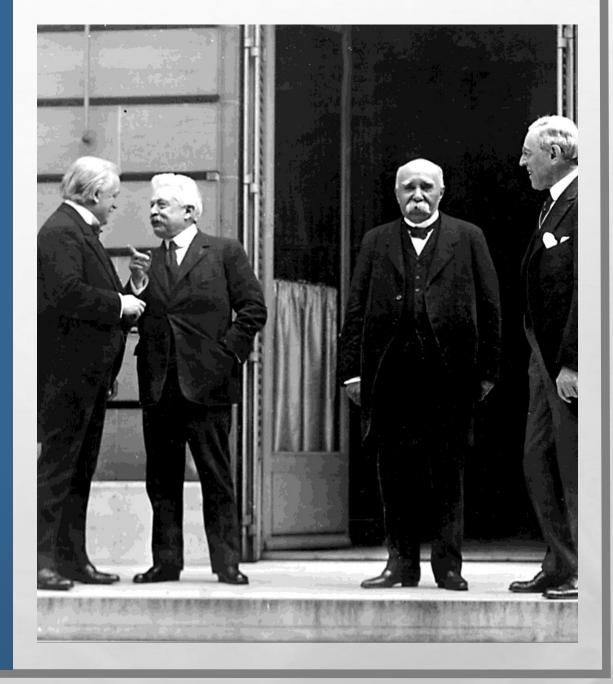

X. The peoples of Austria-Hungary . . . should be accorded the freest opportunity to autonomous development.

XI. Rumania, Serbia, and Montenegro should be evacuated; occupied territories restored; Serbia accorded free and secure access to the sea; and the relations of the several Balkan states to one another determined by friendly counsel along historically established lines of allegiance and nationality ....

XII. The Turkish portion of the present Ottoman Empire should be assured a secure sovereignty, but the other nationalities which are now under Turkish rule should be assured ... an absolutely unmolested opportunity of autonomous development, and the Dardanelles should be permanently opened as a free passage ... XIII. An independent Polish state should be erected which should be assured a free and secure access to the sea ...

XIV. A general association of nations must be formed under specific covenants for the purpose of affording mutual guarantees of political independence and territorial integrity to great and small states alike.
